This holiday gift guide is part of the Shop Like a Local™ program, recently launched by Utah Independent Business Coalition (UIBC). The Shop Like a Local™ program exists to support the local, small businesses that lend a unique flavor and a “sense of place” to our communities. These are the small stores, restaurants, cafés, and professional services businesses that are at the heart of our most cherished neighborhoods.

When we buy from local, independently owned businesses, a larger portion of your dollar stays right here in the local community, than when buying from the big box stores and chains. The Shop Like a Local™ gift guides make it easy and fun to support these businesses by letting you know about unique gifts that can be purchased from businesses right in your neighborhood.
